6.0 m, RAL color

One of the main characteristics of the Ocean family range, part of Philips' UrbanStyling approach, is the total solution it offers municipalities, landscape architects, urban planners and lighting designers. Urban enhancement can only be achieved when both the luminaires and their supports form part of an integrated concept. To this end, the Ocean family includes a range of dedicated poles and brackets which are consistent with the visual style of the Ocean Road LED and Ocean Ambiance LED luminaires.
