# Gleam Pendant - White

Experience the enchanting glow of Gleam, a bulb-based pendant light, designed by Sebastian Bergne. With a unique heptagon-inspired look, you can choose from the inflated design for a bold, dimensional effect, or the deflated design for sleek sophistication. Available in three sizes, each design aligns with the 3D print grain for a seamless aesthetic. Plus, the printed parts are made with ISCC Plus certified bio-circular material, making them an environmentally conscious choice. Whether you're looking to create a cozy atmosphere in your home or add a unique feature to your hospitality venue, Gleam is the perfect addition.
